SUMMARY

Full-Stack .NET Developer (Bc.) with commercial experience building enterprise-scale SaaS applications in an international team. Strong in C#/.NET Core and ASP.NET Core REST APIs, with front-end work in TypeScript and React-based frameworks. Experienced across the full development lifecycle: API design, Docker containerization, Azure DevOps CI/CD, automated testing, and production troubleshooting. Comfortable owning and defending architectural decisions.

TECHNICAL SKILLS

Languages: C#, TypeScript, JavaScript, SQL
Backend: ASP.NET Core, .NET Core, RESTful APIs, Entity Framework Core
Frontend: React, TypeScript, HTML, CSS
Databases: PostgreSQL, SQL Server, SQLite, Oracle PL/SQL
DevOps & Tools: Docker, Azure DevOps (CI/CD), Git, Postman, Grafana, Swagger
Practices: Agile/Scrum, unit & integration testing, code review, AI-assisted development

EXPERIENCE

Software Developer

Mar 2025 – Present

Quadient · Hradec Králové, Czech Republic

- Develop and maintain back-end services in C#/.NET Core (ASP.NET Core) for enterprise-scale SaaS applications used by an international customer base.
- Build dynamic front-end features in TypeScript using an in-house React-based framework.
- Design and consume RESTful APIs; containerize applications with Docker and deploy through Azure DevOps CI/CD pipelines.
- Ensure quality with unit and integration tests, code reviews, and production investigation using Grafana log analysis.
- Built custom AI assistant skills that automate recurring team workflows, improving development speed.
- Work in an Agile/Scrum team, delivering features iteratively across multicultural collaboration.

Erasmus+ Exchange Programme

Feb 2024 – Jul 2024

Universidad de Oviedo · Oviedo, Spain

- Completed a semester in an English-speaking international academic environment, strengthening technical communication and cross-cultural collaboration skills.

IT Support Specialist (Part-time, Remote)

Apr 2021 – Aug 2023

Variant Ukraine

- Provided SQL database support: writing and optimizing queries, maintaining data organization, and assisting with data-related requests.

EDUCATION

University of Pardubice

2021 – 2026

Bc. in Information Technology, Faculty of Electrical Engineering and Informatics

CERTIFICATIONS

- CCNA: Introduction to Networks — Cisco Networking Academy / University of Pardubice (2026)
- Database Programming with PL/SQL — Oracle (2024)
- Introduction to Cybersecurity Essentials — IBM Skills Network (2022)
- Introduction to Hardware and Operating Systems — IBM Skills Network (2022)
